

The Eton

Unit 203

This luxurious 2 bedroom, 2 bath condominium is distinguished by the contemporary styling of the cathedral ceiling in the great room/dining room and intelligently enhanced by a dedicated den, ideal for a home office or home theatre. The foyer opens into the dining room and is convenient to the combined laundry/storage room. An ideal breakfast spot, the optional snack bar provides definition for the kitchen. A cozy fireplace and window-flanked door-wall to the balcony are style-enhancing amenities in the great room, while double doors create a dramatic entrance to the master suite with walk-in closet and master bath featuring a shower, optional dual vanities and optional whirlpool tub. A second bedroom with adjacent bath is perfect for overnight guests. The easy-living plan features a covered porch entry, with a second entry from the attached attached garage.
